### BRIEF MENTIONINGS.

Events in and About the City Given in  
a Nutshell.

Base ball this afternoon—Wheeling  
vs. Youngstown, 3:45 p. m.

All state fair premiums will be paid  
at the Germania Half Dollar Savings  
bank on and after the 15th of September,  
between the hours of 4 to 3 o'clock.

Yesterday's quotations on National  
Tub stock, as received by Howard  
Hartlett & Son, were as follows: Preferred  
closed at 100; common closed at 47.

John Corcoran, preferred an assault  
and battery charge against Ed Phillips,  
a painter, yesterday before Squire Fitz-  
patrick. The case was settled before it  
came to trial.

The Eighth ward engine house was  
presented with a fine team of sorrel  
horses yesterday by the council fire  
committee. The horses are beauties,  
and Driver "Jim" McCracken is correspond-  
ingly glad.

A slim audience greeted the Parry  
concert company at the Opera House  
last night, but it was well pleased with  
the singing of the Welsh stars, and  
general regret was expressed that the  
attendance was so light.

Dave W. Martin, one of the committee  
of Odd Fellows in charge of the trip to  
Detroit, has received a letter from Sec-  
retary T. E. Robinson, of the general  
committee on entertainment, assuring  
the Wheeling people of a very enjoy-  
able stay in the City of the Stripes.

The rate of fare for the trip of the  
Wheeling Odd Fellows and their friends  
next Saturday, via the Wheeling &  
Lake Erie road and lake steamer to  
Detroit, where the sovereign lodge  
meets, has been reduced to \$4.75. The  
indications are that fully 400 Wheel-  
ing people will make this delightful  
trip.

The fire department of Martin's Fer-  
ry met last evening at the office of Dr.  
A. B. One for the purpose of discuss-  
ing matters pertaining to the picnic to  
be given in McDowd's orchard Satur-  
day, September 30. They partially ar-  
ranged the racing programme, which  
will be an excellent one, including  
horse, bicycle, hurdle, foot, horse, po-  
tato, sack, wheelbarrow, and many other  
interesting races. They adjourned to  
meet at the same place next Wed-  
nesday evening.

### A WATCHMAN HELD UP

And Relieved of a Gold Watch by  
Clever Highwaymen.

Last night about 8:30 o'clock Watch-  
man Griffith, of the Terminal railway,  
was "held up" for a gold watch at the  
tunnel, near the top mill, by two  
strangers. They escaped, and at a late  
hour hadn't been apprehended.

Griffith flags trains at the tunnel, and  
at the hour mentioned was sitting down  
by the track. The two men, who evi-  
dently came from the tunnel, asked  
Griffith what time it was, and after he  
put his hand into his pocket to pull out  
his watch, one of the men pushed him  
over the track. While he held on to  
him his confederate coot sat across  
Griffith's body and abstracted his  
watch.

The affair occurred in what is an iso-  
lated part of the city, and by the time  
it was reported to the police the two  
men had got a good start. It is  
thought they escaped through the tun-  
nel.

## THE LAST DAY

Of the Moundsville Fair Attracted  
a Crowd of 3,500.

### THE RACES WERE EXCITING

Though Rather One-sided—The Fair  
has Been Quite Successful and the  
Management is Preparing for an  
Even Better Effort Next September.  
Descriptions of Some of the Leading  
Exhibits.

The third and last day of the fair at  
Moundsville brought from \$,000 to \$,500  
people to the grounds. It was a good  
all-round closing day. Nearly all the  
exhibits were left on the grounds until  
after the races closed, and the shows  
were in full blast to the last moment.  
The day was patterned after the day  
before, and was a model fair-day. The  
races were of the first order, and some  
of the best going ever saw on the track  
was witnessed yesterday. The differ-  
ent halls of exhibit had lost none of  
their attractions, and visitors were ex-  
amining the exhibits during the entire  
day.

Prof. I. B. Wilson's exhibit of musical  
instruments attracted the attention of  
everybody. Harry Ransom, a blind boy  
of Moundsville, was at the piano, and  
rendered some very sweet and excellent  
music. The prize of a \$25 set of Ency-  
clopedias to the school furnishing the  
best specimen of penmanship by the  
pupils was given to Room No. 3,  
Moundsville, Miss Hattie M. Johnson,  
teacher. The exhibits of buggies, car-  
riages and wagons by G. T. Gelseler &  
Son, of Shilard, attracted much atten-  
tion. C. V. Riley, of Pleasant Valley,  
also had a good exhibit of wagons and  
grain drills. The bread department,  
under the supervision of Mrs. Robert  
Halpin, was a very attractive place  
during the evening, when the exhibits  
were being removed. Everybody wanted  
to taste the cake with the red ribbon  
on, and thanks to Mrs. Halpin and the  
maker, Mrs. Royerson, the Intelligencer  
man can testify to its good qualities.

The association will close up its books  
this year with a balance on the right  
side of the cash account. It is believed  
that there will be enough to pay off all  
the indebtedness of the association and  
start them even, if not a little ahead,  
for next year. This is something more  
than they expected when the organiza-  
tion was effected only a little over two  
years ago. The Ohio Valley Agricul-  
tural association has certainly been for-  
tunate in the selection of their officers  
and managers. They are very much  
encouraged over the outlook for an-  
other year, and as the president, Dr.  
I. N. Houston, indicated in a conversa-  
tion last evening, they are already  
looking ahead to next year and are  
making arrangements to give the pub-  
lic a better fair even than the present  
one has been.

An agreeable innovation in county  
fair management was set by the  
Moundsville people in securing profes-  
sional judges for both their running and  
trotting races. Each require different  
administration by expert officials, and  
Dr. Lynch as judge of the trotters and  
starter, as well as Judge Pettus, who  
placed the runners, gave complete sat-  
isfaction in the performance of their  
respective duties. The last named  
gentleman, a newcomer to this section,  
is one of the best known running horse  
judges in the country.

### The Races.

There were three races yesterday, a  
2:16 pace, 2:25 trot and a three-quarter  
mile running race. All three were good  
races, and excellent time was made.  
In the 2:16 pace four out of the five  
entries started. Star Onward did not  
appear. The starters were as follows:  
Colonel Day, Dr. Fox, Eye Wonder and  
Benona Jennings.

First heat—The start was made with  
some difficulty. Bu. when Starter  
Lynch announced that he would fine  
any coming up to the wire ahead of  
the pole horse, the start was made  
without trouble. Colonel Day pushed  
to the front, with Eye Wonder close on  
his heels. Benona Jennings went off  
her feet at first turn, and her driver did  
not get her back to work until the first  
quarter was reached. She made fast  
gains until the upper turn was reached.  
Eye Wonder and Dr. Fox pushed  
Colonel Day close, and the heat was  
very exciting. Benona Jennings broke  
again at quarter and second half, and  
at the time of the sulky coming off it  
was only by a hair's breadth that she was  
brought up to the flag. Colonel Day  
first, Eye Wonder second, Dr. Fox  
third. Time, 2:20½.

Second heat—This was an easy heat  
for Colonel Day. Eye Wonder and Dr.  
Fox paced hard for second, while Ben-  
ona Jennings repeated the act of fly-  
ing off her feet, and again took fourth  
place, with the others closing in the  
same order as the first. Time, 2:23½.

Third heat—This was also Colonel  
Day's heat. Benona Jennings acted  
much better and did some fine going.  
Eye Wonder got tangled in his harness  
and nearly stopped on half of second  
quarter, and the tire coming off the  
sulky she went out of the heat at the  
first half. Benona Jennings got tired  
on the home stretch, and Dr. Fox com-  
ing up made one of the most interesting  
runs of the day. The two came under  
the wire at the same time. Summary:  
Colonel Day, a. g., A. D. Parr,  
Clarksburg, 1 1 1  
Dr. Fox, b. g., H. Bruce, Wheel-  
ing, Green, 3 3 2  
Eye Wonder, a. g., J. J. Mendel,  
Wheeling, 2 2 4  
Benona Jennings, r. m., Robert  
Beidler, Pittsburgh, 4 4 2  
Time: 2:20½, 2:23½.

First money was given Colonel Day,  
second, Dr. Fox, third, Benona Jen-  
nings.

There were only two started in the  
2:23 trot, Improve and Thelka. Im-  
prove was an easy winner in the three  
heats, but Thelka was close and con-  
testing every inch of the ground. Sum-  
mary:

Improve, a. g., J. B. Wiseman,  
Lowville, 1 1 1  
Thelka, b. m., J. W. Kinsey, Wheel-  
ing, 3 2 2

The following four started in the run-  
ning race: Senator, Ducky Doo, Cappy,  
Dewey. Cappy won both heats with  
seemingly ease, with Ducky Doo second  
in first and Dewey in second. Senator  
was lamed in first heat, and was with-  
drawn. The horses were bunched all  
the time, and the race was very excit-  
ing. Summary:

Sonator, D. L. Sayers, Waynesburg,  
Pa, 4—  
Ducky Doo, b. m., Jay Quinn, Wheel-  
ing, 2 3  
Cappy, Sharpshoot, Waynesburg, Pa, 1 1  
Dewey, Speedy, Wheeling, 3 2  
Time: 1:21½, 1:23.

### WHERE JUSTICE IS "AT HOME"

Interesting Series of Disputations  
Held on Blackstone Row.

Blackstone avenue was all agog last  
night with justice shop cases involving  
colored people, and the minor tribunals  
were packed to the doors and then  
some. Squire Haberfield held forth to  
a dispute between Mrs. Melissa Dol-  
berry and Ella Logan, the former  
averring that her daughter loitered  
about the Logan house, which she  
claimed was not of good fame, there-  
fore she arrayed a host of witnesses to  
so prove. Judgment was reserved.

Another trial was on in Squire Fitz-  
patrick's sanctum, which also included  
a host of colored people, and its finale  
was distinguished by a grand rush for  
the attendance fees by the witnesses.  
Squ to reate, they were tardy in vol-  
ing their claims, a witness must  
claim the fee before judgment is given.  
Their disappointment was softened by  
characteristic good nature and the  
summonses borne away as souvenirs.

Mrs. Martha Phillips Smith was de-  
fendant to charges of assault and bat-  
tery and an application for a peace  
bond, preferred by her husband, Harry  
Smith. The couple haven't lived to-  
gether since they were married, and  
Smith said his wife threatened, or  
rather tried to kill him when they met  
on Twelfth street yesterday. The cases  
were dismissed at his expense. Then  
came a San Juan charge by fourteen  
dusky gentlemen, presenting their slips  
for fifty cents a piece. As many of  
them have figured in justice shops suits  
it was surprising they were not more  
strategic. Owing to their delay Smith's  
costs were an easier burden.

THE pain of a burn or scald is almost  
instantly relieved by applying Cham-  
berlain's Pain Balm. It also heals the  
injured parts more quickly than any  
other treatment and without the burn  
is very severe does not leave a scar.

is in the collar—the lapels—that distinctive hang over the
